- 2022 **Understanding cluster organization and benefits in the limpet *Lottia digitalis*** # 3470
- 2022 **Hang Tight, Surf's Up! Environment-driven variation in foot size and attachment strength in the intertidal snail *Acanthinucella spirata*** # 3471
- 2022 **Ocean Acidification Effects on Predation by the Bat Star *Patiria miniata*** # 3472
- 2022 **The Great Escape: Responses to predators in the Brooding Sea Anemone, *Epiactis prolifera*** # 3473
- 2022 **The escape response of the anemone *Epiactis prolifera* exposed to the nudibranch *Aeolidia loui* and the sea star *Dermasterias imbricata*** # 3474
- 2022 **Battle of the Hermit Crabs: Interspecific and Intraspecific Aggression in Response to Shell Preference in *Pagurus samuelis* and *Pagurus hirsutiusculus*** # 3475
- 2022 **On the Rock Surface: The clustering behavior of limpet *Lottia digitalis*** # 3476
- 2022 **The Northward Range Expansion of the Southern Sea Anemone, *Anthopleura sola*** # 3477
- 2022 **Bigfoot comes to California: environment-dependent foot variation in the snail *Acanthinucella spirata* (Blainville 1832) and its implications for historic and current range expansion** # 3478
- 2022 **Interspecific and intraspecific aggression in response to shell preference in the hermit crabs *Pagurus samuelis* and *Pagurus hirsutiusculus*** # 3479
- 2022 **Nutrient pollution along our coastlines: The effects of agricultural runoff on the bryozoan *Jellyella tuberculata*** # 3480
- 2022 **To beat an enemy, you must sea anemone: Monitoring the abundance of sea anemone *Anthopleura sola* in Northern California** # 3481
- 2022 **Now You Sense Me, Now You Don't: The Effects of Ocean Acidification on Predation Ability of the sea star *Patiria miniata*** # 3482
- 2022 **The Effect of Varying Oceanic Temperatures on Aggressive Behavior in Nudibranchs (*Hermisenda***

**crassicornis and Hermissenda opalescens) # 3483**

**2022 Nutrient pollution along coastlines: The effects of agricultural runoff on the bryozoan *Jelleyella tuberculata* # 3484**

**2022 The effects of varying ocean temperatures on recently distinguished nudibranch species: *Hermissenda opalescens* and *Hermissenda crassicornis* # 3485**

**2021 HOW ROCK SIZE AFFECTS SEX RATIO, CRAB SIZE, AND CRAB ABUNDANCE IN *PACHYGRAPSUS CRASSIPES* # 3462**

**2021 Learning ability and chemoreception in the purple sea urchin, *Strongylocentrotus purpuratus* # 3463**

**2021 On the symbiotic relationship between the bat star *Patiria miniata* and its Hesinoid polychaete *Ophiodromus pugettensis* # 3464**

**2021 Territoriality in *Pachygrapsus crassipes*, the striped shore crab in Northern California # 3465**

**2021 Learning capabilities and chemoreception of the purple sea urchin, *Strongylocentrotus purpuratus* # 3466**

**2021 Assessing the Facilitation Between the Bat Star *Patiria miniata* and the Polychaete Worm *Ophiodromus pugettensis* # 3467**

**2021 *Acanthinucella spirata* vs. *Nucella ostrina*: Analyzing Interactions Between Snails with Newly Overlapping Ranges # 3468**

**2021 Competition Does Not Explain Intertidal Separation of the Angular Unicorn (*Acanthinucella spirata*) and the Striped Dogwhelk (*Nucella ostrina*) # 3469**

**2019 TOXICITY OF NANO SILVER, NANO COPPER & NANO ZINC IN GREEN STRIPED SHORE CRAB LARVAE, *PACHYGRAPSUS CRASSIPES* # 3428**

**2019 The effects of the nudibranch *PHIDIANA HILTONI* on resident nudibranch species along the Northern California coast # 3446**

**2019 Effects of predator cues and population density on the purple sea urchin *Strongylocentrotus purpuratus* # 3447**

**2019 Effects of lowered pH on the chemosensory abilities of the Monterey sea lemon (*Doris montereyensis*) # 3448**

**2019 Effects of extreme mortality of California Mussels (*Mytilus californianus*) on mussel bed biodiversity and community structure in Bodega Bay # 3449**

**2019 Larval settlement preferences in an invasive bryozoan, *BUGULA NERITINA*: A study on tolerance to copper antifouling biocides # 3450**

**2019 Effects of wave force on the morphology of the aggregating anemone (*ANTHOPLEURA ELEGANTISSIMA*) # 3451**

- 2019 **The effects of temperature and substrate particle size on the burrowing ability of mole crabs *Emerita analoga*** # 3452
- 2019 **Effects of different temperatures and sand grain sizes on the burrowing behavior of mole crabs *EMERITA ANALOGA***  
# 3453
- 2019 **The effect of ocean acidification on the chemoreceptive abilities of the nudibranch, *DORIS MONTEREYENSIS*** # 3454
- 2019 **The implications of the introduction of the nudibranch *PHIDIANA HILTONI* on resident nudibranch species along the Northern California coast** # 3455
- 2019 **Effects of large-scale mortality of the mussel *MYTILUS CALIFORNIANUS* on rocky intertidal community structure** # 3456
- 2019 **Morphological differences in the aggregating anemone *ANTHOPLEURA ELEGANTISSIMA* in wave and non-wave exposed environments** # 3457
- 2019 **Effects of copper and competition on larval settlement of the bryozoan, *BUGULA NERITINA*** # 3458
- 2019 **Distances from home scars or aggregations affect movement and return rates in the limpets, *LOTTIA SCABRA* and *LOTTIA DIGITALIS*** # 3459
- 2019 **Distance from limpet home scars or aggregations affect movement and homing behavior** # 3460
- 2019 **Potential predator and higher population density not likely to decrease feeding rate of the purple sea urchin, *STRONGYLOCENTROTUS PURPURATUS*** # 3461
- 2018 **Oh My Stars: Recovery of *Pisaster ochraceus* from Sea Star Wasting Disease** # 3430
- 2018 **The effect of invasive seaweed, *Sargassum muticum*, on invertebrate communities in Bodega Bay, California** # 3431
- 2018 **Variation in predator response and adaptive capability of different color morphs of the anemone *Epiactis prolifera*** # 3432
- 2018 **How are purple sea urchins, *Strongylocentrotus purpuratus*, doing in more acidic and wave-exposed habitats?** # 3433
- 2018 **Snail vs Predator: Responses to Predator Cues in Two Populations of the Striped Dogwhelk,** # 3434
- 2018 **Associations of the invasive algae *Sargassum muticum* with intertidal invertebrates** # 3435
- 2018 **The effects of temperature on the reproductive strategies of checkered periwinkle snails, *Littorina scutulata*** # 3436
- 2018 **The Effects of Temperature on the Reproductive Strategies of the Checkered Periwinkle Snail (*Littorina scutulata*)** # 3437
- 2018 **The Effects of Mussel Beds (*Mytilus californianus* and *Mytilus galloprovincialis*) on Invasive and**

**Native Species in Marine Docks and Eelgrass Beds of Bodega Harbor, CA # 3438**

**2018 Coloration and Predation Response in Populations of the Sea Anemone *Epiactis prolifera* in Bodega Bay # 3439**

**2018 Effects of Predator Cues on the Foraging Behavior of Two Populations of the Striped Dogwhelk, *Nucella ostrina* # 3440**

**2018 The effect of mussel beds (*Mytilus californianus* and *Mytilus galloprovincialis*) on species composition in the docks and eelgrass beds of Bodega Harbor, CA # 3441**

**2018 Microfiber presence in gooseneck barnacles *Pollicipes polymerus* and *Lepas anatifera* # 3442**

**2018 Effects of Sea Star Wasting Disease on the Distribution and Foraging Abilities of Ochre Sea Stars (*Pisaster ochraceus*) in Intertidal Habitats # 3443**

**2018 Presence of microplastic in barnacles (*Lepas anatifera* and *Pollicipes polymerus*) from the intertidal zone and open ocean # 3444**

**2018 pH & wave action effects on the skeleton of the sea urchin *Strongylocentrotus purpuratus* # 3445**

**2017 Climate change leads to species geographical range shifts, causing interspecific competition between the snails, *Acanthinucella spirata* and *Nucella ostrina* # 3408**

**2017 Effects of cosmetics on the purple sea urchin, *Strongylocentrotus purpuratus* # 3409**

**2017 A Comparison of Nano-Copper to Soluble Copper in the *Carcinus maenas* (Green Crab) # 3410**

**2017 The effects of creosote water on the feeding rate and tube feet of the purple seastar, *Pisaster ochraceus* # 3411**

**2017 The comparative effects of nano copper on two different populations of the bay mussel, *Mytilus galloprovincialis* # 3412**

**2017 Urchins on Acid: The synergistic effect of ocean acidification and creosote on sea urchin embryos # 3413**

**2017 Phenotypic plasticity in the tubes and feeding behavior of the Vermetid tube snail, *Petalconchus montereyensis* due to changes in flow rates # 3414**

**2017 Direct and indirect effects of two crab, *Romaleon antennarium* and *Carcinus maenas*, on the snail, *Nucella ostrina* # 3415**

**2017 Stop, Drop and Writhe: A Study of Nudibranch Defensive Behavior and Intraspecific Interaction # 3416**

**2017 Effect of Microplastic Ingestion on Algal Feeding in White Sea Urchin *Pluteus Lytechinus Pictus* # 3417**

**2017 Physiological responses of *Mytilus galloprovincialis*, the Mediterranean mussel to polycyclic aromatic hydrocarbons (PAHs) # 3418**

- 2017 **Alien Invasion: Symbiotic Interactions Between Two Invasive Species, the amphipod *Caprella mutica* and the bryozoan *Bugula neritina***  
. # 3419
- 2017 **Anemones or Enemies? Aggression and range shifts of two anemone species, *Anthopleura sola* and *Anthopleura xanthogrammica* in Horseshoe Cove** # 3420
- 2017 **Temperature and interspecific competition effects on the feeding rate and range limits of two whelks, *Nucella ostrina* and *Acanthinucella spirata*** # 3421
- 2017 **Biological interactions between invasive species: the amphipod *Caprella mutica* and a bryozoan *Bugula neritina*** # 3422
- 2017 **Shifting ranges and the role of aggressive behavior in competition between two species of sea anemone, *Anthopleura sola* and *A. xanthogrammica*** # 3423
- 2017 **Effects of cerata loss on the aggressive behaviors of the nudibranch *Hermisenda opalescens*** # 3424
- 2017 **Direct and indirect effects of crab predators, native *Romaleon antennarium* and invasive *Carcinus maenas* on the snail *Nucella ostrina*** # 3425
- 2017 **Phenotypic Plasticity in *Petalocochus montereyensis*, Vermetid Tube** # 3426
- 2017 **COMBINED EFFECT OF 2,2',4,4'-TETRABROMODIPHEYLETHER (BDE-48) AND SOLUBLE COPPER ON PURPLE SEA URCHIN DEVELOPMENT** # 3427
- 2017 **Autotomy and Aggression in *Hermisenda opalescens*: A Study of the Effect of Cerata Removal on Aggressive Behaviors of Nudibranchs** # 3429
- 2016 **Do foraging crabs rely on chemoreception? Effects of turbidity on chemical or visual predation in two nearshore Northern Californian crab species.** # 3383
- 2016 **Size structure, growth rings, and aggregations in a newly documented population of Bodega Harbor sand dollars (*Dendraster excentricus*)** # 3384
- 2016 **Bryozoan (*Membranipora tuberculata*) lophophore activity in response to particle concentrations and feeding differences between colonies** # 3385
- 2016 **Size structure, growth rings, and aggregations in a newly documented population of Bodega Harbor sand dollars (*Dendraster excentricus*)** # 3386
- 2016 **The effect of copper oxide nanoparticles on Pacific Oyster development, multidrug resistance, and chemosensitization** # 3387
- 2016 **The effects of copper oxide nanomaterials on mussel hemocytes!** # 3388
- 2016 **Strategic Retreat: Factors that Affect Autotomy in the porcelain crab, *Petrolisthes cinctipes*** # 3389
- 2016 **Effects of predator chemical cues and algal diet on spine regeneration in the purple urchin *Strongylocentrotus purpuratus*** # 3390

- 2016 **The effects of body size and group density on phytoplankton clearance rates of the mussel *Mytilus californianus*** # 3391
- 2016 **The Effects of Temperature on Feeding Rates and Locomotion of the Nudibranchs, *Okenia rosacea* and *Hermisenda crassicornis*** # 3392
- 2016 **The Feeding Response of the Bryozoan, *Membranipora tuberculata*, to Different Particle Types and Concentrations** # 3393
- 2016 **The effects of copper nanomaterials on the embryonic development and multidrug resistance of *Patiria Miniata* (Bat Star)** # 3394
- 2016 **Size, Sex and Number of Claws Impact Autotomy in Porcelain Crabs, *Petrolisthes cinctipes*** # 3395
- 2016 **The effects of phthalates on the axis determination of purple sea urchin (*Strongylocentrotus purpuratus*) embryos** # 3396
- 2016 **Two exposure routes of zinc oxide nanomaterial and the effect on feeding and bioaccumulation of zinc in White Sea Urchin (*Lytechinus pictus*) larvae** # 3397
- 2016 **How temperature affects the feeding rates and locomotion of the nudibranchs, *Okenia rosacea* and *Hermisenda crassicornis*** # 3398
- 2016 **Effects of size and organization on clearance rates in the mussel *Mytilus californianus*** # 3399
- 2016 **Recovery Growth Rates in the Spines of the Purple Sea Urchin, *Strongylocentrotus purpuratus* under Restricted Diets and Predator Chemical Cues** # 3400
- 2016 **Multidrug resistance and the effects of silver on Zebrafish development** # 3401
- 2016 **The Effect of Turbidity on the Foraging Behavior of Two Nearshore Crabs: *Pachygrapsus crassipes* and *Pugettia producta*.** # 3402
- 2016 **Assessment of *Mytilus californianus* as a bioindicator through comparison of pH, condition index, and shell area** # 3404
- 2016 **withheld** # 3405
- 2016 **Geomorphology and Sediment Transport Processes at Sand Point, Tomales Bay, California** # 3406
- 2015 **A cold-water plume in the California Russian River Estuary** # 3291
- 2015 **The effects of antidepressants on the development of Purple Sea Urchins and Zebrafish embryos** # 3294
- 2015 **Developmental effects of altered Photoperiods on Purple Sea Urchin (*Strongylocentrotus Purpuratus*) embryos exposed to the carcinogen methyl methanesulfonate** # 3295
- 2015 **Estradiol on developing embryos of Purple Sea Urchins (*Strongylocentrotus purpuratus*) and Bat Stars (*Patiria miniata*)** # 3296

- 2015 **Prey mediated-behavior and food preference of the nudibranch *Hermissenda crassicornis*** # 3297
- 2015 **The effects of starvation on reactivity to light and chemical stimuli of the nudibranch *Hermissenda crassicornis*** # 3298
- 2015 **The effects of ocean acidification on Sandcastle worm (*Phragmatopoma californica*) tube structure** # 3299
- 2015 **Immune system impacts of global climate change and ocean acidification in two ecologically critical Echinoderms** # 3300
- 2015 **Morphological effects of bulk and nano zinc oxide sunscreens on developing *Strongylocentrotus purpuratus* embryos** # 3301
- 2015 **To eat or not to eat: Effects of the presence of the crab *Cancer productus* on feeding behaviors of the snail *Nucella ostrina*** # 3302
- 2015 **Neurotoxic effects of silver nanoparticles on developing Zebrafish (*Danio rerio*)** # 3303
- 2015 **Effects of the non-steroidal anti-inflammatory drug, ibuprofen, on the early development of Purple Sea Urchins (*Strongylocentrotus purpuratus*) and Zebrafish (*Danio rerio*)** # 3304
- 2015 **The Effect of Asphalt Runoff Exposed to Sunlight on the Development of Purple Sea Urchins** # 3305
- 2015 **The Comparative Effects of BPS and BPF to BPA on the Embryological Development of the Purple Sea Urchin *Strongylocentrotus Purpuratus* and the White Sea Urchin *Lytechinus Pictus*** # 3306
- 2015 **The effects of flow and predator cue gradient on the flight response of the black turban snail, *Chlorostoma funebris*** # 3307
- 2015 **Feeding preferences of the nudibranch *Hermissenda crassicornis*, and the effects on conspecific interactions due to prey choice** # 3308
- 2015 **Effects of ocean acidification on sandcastle worm (*Phragmatopoma californica*) tube structure** # 3309
- 2015 **The effects of food deprivation on the phototactic and chemotactic abilities of the nudibranch *Hermissenda crassicornis*** # 3310
- 2015 **The Effects of Flow and Predator Cue Gradient on the Flight Response of the Black Turban Snail, *Chlorostoma funebris*** # 3311
- 2015 **Inducible defenses of the sandcastle worm *Phragmatopoma californica* in the presence of predator *karimones*** # 3312
- 2015 **The effects of food density and water velocity on the cirral length of the barnacle *Chthamalus dalli*** # 3313
- 2015 **The Effects of TMIIs from the crab, *Cancer productus*, on the prey choice of the Striped Dog Whelk, *Nucella ostrina*.** # 3314

- 2015 **Predator-induced defenses: Effects of two predators on the larval stage of the sandcastle tubeworm *Phragmatopoma californica*.** # 3315
- 2015 **Effects of food and flow on cirral length of the barnacle *Chthamalus dalli*** # 3316
- 2015 **Assessment of biodiversity, viability, management capacity, and social equity of marine reserves using the GLORES criteria** # 3317
- 2015 **A Cold-Water Plume in the California Russian River Estuary** # 3318
- 2015 **Bodega Harbor Pore Water and Sediment Composition: Can Eelgrass Beds Provide Shelter from Ocean Acidification?** # 3319
- 2015 **Organic and Carbonate Analysis of *Zostera marina* Environments in the Bodega Harbor** # 3320
- 2015 **Assessment of Biodiversity, Viability, Management Capacity, and Social Equity of Marine Reserves Using the GLORES Criteria** # 3321
- 2015 **The effect of a no-take zone on the size and abundance of clams in the Bodega Harbor** # 3322
- 2015 **The Localized Effects of ENSO on the SST of Farallon Island and Pacific Grove** # 3323
- 2015 **Local Effects of ENSO events on SST of Farallon Islands and Pacific Grove** # 3324
- 2015 **Effects of abiotic factors on epiphytic algal composition in Bodega Harbor eelgrass meadows** # 3325
- 2015 **Effects of No Take Zones on the Size and Abundance of Burrowing Clams in Bodega Harbor** # 3326
- 2015 **The Effect of *Zostera marina* Seagrass on Sediment Size, Carbonate and Organic Composition, and Pore Water Alkalinity in Bodega Harbor** # 3327
- 2015 **The Extent of a Cold-Water Plume at Jenner Gulch and Potential Effects on Steelhead Populations** # 3328
- 2015 **The Localized Impacts of El Niño Based on Sea Surface Temperatures** # 3329
- 2015 **[report currently unavailable]** # 3330
- 2014 **The effects of anthropogenic copper on the native marine mussel *Mytilus californianus* in Spud Point Marina, Bodega Bay, California** # 3194
- 2014 **Calcium concentration effects on the molt cycle of *Metacarcinus magister*** # 3249
- 2014 **The effects of UV radiation on the behavior and chromatophore size of *Octopus rubescens*** # 3250
- 2014 **The effects of dissolved organic matter on the survival of red abalone (*Haliotis rufescens*) larvae and postlarvae** # 3251

- 2014 **on file** # 3252
- 2014 **Anti-predator behavior of juvenile black rockfish, *Sebastes melanops*** # 3253
- 2014 **Effects of wrack composition, age, and cover on the spatial distribution of *Fucellia rufitibia*, talitrid amphipods, and an ephydrid fly** # 3254
- 2014 **Nematocyst discharge in response to various chemical cues in the aggregating anemone (*Anthopleura elegantissima*)** # 3255
- 2014 **Effects of Sea Urchin *Strongylocentrotus purpuratus* Excretions on Algal Growth** # 3262
- 2014 **\* Effects of Ocean Acidification and Increased Temperature on the Behavior of Juvenile Mussels, *Mytilus californianus* [DO NOT PUBLISH]\*** # 3263
- 2014 **Examining the effects of ambient flow rates on the feeding response of the intertidal sea anemone *Anthopleura xanthogrammica*** # 3264
- 2014 **The Effect of Ocean Acidification on the Regulation and Firing of nematocysts in the Giant Green Sea Anemone *Anthopleura xanthogrammica*** # 3265
- 2014 **Prey preference and growth rate of juvenile Ochre Sea Star, *Pisaster ochraceus*, in Bodega Bay, California** # 3266
- 2014 **Effects of desiccation on channeled dogwhelk (*Nucella canaliculata*) prey choice and consumption.** # 3267
- 2014 **The Effects of Temperature Rise on Prey Choice of The Lined Shore Crab (*Pachygrapsus crassipes*)** # 3268
- 2014 **Do mussels get air or drop acid? Effects of multilayer mussel beds on dissolved oxygen and pH in varying flows** # 3269
- 2014 **Effect of Ocean Acidification on the Firing Rate of Nematocysts on the Giant Green Sea Anemone *Anthopleura xanthogrammica*** # 3270
- 2014 **The effects of temperature rise on prey choice and food consumption of the lined shore crab, *Pachygrapsus crassipes*** # 3271
- 2014 **Effects of Ocean Acidification and Increasing Temperatures on Juvenile Mussel Behavior (*Mytilus californianus*) \*[DO NOT PUBLISH]\*** # 3272
- 2014 **Do multilayer mussel beds reduce local pH and dissolved oxygen?** # 3273
- 2014 **Feeding preference and growth of juveniles in the sea star *Pisaster ochraceus*** # 3274
- 2014 **The Effect of Sea Urchin *Strongylocentrotus purpuratus* Excretions on Algal Growth** # 3275
- 2014 **Predator-induced phenotypic changes in the mussel *Mytilus californianus*** # 3276
- 2014 **Effects of desiccation on the channeled dogwhelk's (*Nucella canaliculata*) prey choice and**

**consumption # 3277**

**2014 The effect of sea star, *Pisaster ochraceus* presence on mussel, *Mytilus californianus* feeding and morphology # 3278**

**2014 Prey preference and growth of juvenile sea star *Pisaster ochraceus* # 3279**

**2014 Effects of water flow on the feeding behavior of sea anemones: *Anthopleura xanthogrammica* # 3280**

**2014 Development of sea urchin embryos in relation to effects of antibiotic on bacteria flora # 3281**

**2014 The Comparative Effects of  $\beta$ -Estradiol (E2) and 17 $\alpha$ -Ethinylestradiol (EE2) on Embryonic Sea Urchin (*Strongylocentrotus purpuratus*) Development # 3282**

**2014 The Combined Effects of Nano-CuO and Ocean Acidification on Purple Sea Urchin Embryonic Development # 3283**

**2014 The Impacts of Polystyrene Plastic and Adsorption of Polycyclic Aromatic Hydrocarbons on the Development of Zebrafish (*Danio rerio*) # 3284**

**2014 The Toxic and Phototoxic Effects of COREXIT EC9500A and Alaskan North Slope Crude Oil on Hydrocarbon Degrading Microbes and *Strongylocentrotus purpuratus* Embryos # 3285**

**2014 Phototoxicity of titanium dioxide nanoparticles in the starlet anemone *Nematostella vectensis* # 3286**

**2014 Shampoo Effects on Heat Tolerance of the Pacific Oyster, *Crassostrea Gigas* # 3287**

**2014 Behavioral and cellular response to phototoxicity in low vs high algal symbiont morphs of the aggregating anemone *Anthopleura elegantissima* # 3288**

**2014 The comparative phototoxicities of methylparaben and triclosan at different stages of development in Zebrafish (*Danio rerio*) embryos # 3289**

**2014 Regulation of vertical migration in *Strongylocentrotus purpuratus plutei* # 3331**

**2014 The Relationship between Phytoplankton Composition and Abiotic Forces in Bodega Bay # 3332**

**2014 Deposition and decomposition of plastics on Salmon Creek Beach # 3333**

**2014 Dinoflagellate concentrations and their effects on harmful algal blooms # 3334**

**2014 The relationship between phytoplankton and abiotic forces in Bodega Bay # 3335**

**2014 The fate of plastic debris found on Salmon Creek Beach # 3336**

**2014 Relative phytoplankton abundances in the rocky intertidal zone of Horseshoe Cove on the Bodega marine laboratory reserve # 3337**

**2014 Larvae of the purple sea urchin *Strongylocentrotus purpuratus* demonstrate depth preferences cued**

**by light # 3338**

**2014 Changing levels of dissolved oxygen in response to intermittent closures in Pescadero estuary and the effect on juvenile *Oncorhynchus mykiss* survivability # 3339**

**2014 The buffering effects of *Zostera marina* seagrass against ocean acidification in Bodega Harbor # 3340**

**2014 Relative phytoplankton abundances in Horseshoe Cove, Bodega Bay, CA intertidal zone # 3341**

**2014 An analysis of copepod distribution in the surface waters of Bodega Bay, CA # 3342**

**2014 A paleoecological study on the predation of mollusks in the Santa Barbara Basin # 3343**

**2014 Characterization of changing levels of dissolved oxygen in response to intermittent closures in a bar-built estuary and the effect on *Oncorhynchus mykiss*: Pescadero, California # 3344**

**2014 A quantitative analysis of morphology change at a tidal inlet: Russian River Estuary, California # 3345**

**2014 The buffering capacity of seagrass beds (*Zostera marina*) against ocean acidification in Bodega Harbor # 3346**

**2014 Copepod Distribution in Bodega Bay, CA # 3347**

**2013 Is nitric oxide a regulator of immune response in the Green Crab, *Carcinus maenas* (Crustacea, Decapoda)? # 3193**

**2013 The effects of anthropogenic copper on the native marine mussel *Mytilus californianus* in Spud Point Marina, Bodega Bay, California # 3245**

**2013 Intraspecific competition of *Pagurus samuelis* on shell selection and recognition # 3246**

**2013 The effect of multidrug resistance transporter activity on mercury bioaccumulation in *Strongylocentrotus purpuratus* pluteus larvae from consuming contaminated *Isochrysis galbana* # 3247**

**2013 Apoptosis and necrosis of zooxanthellae preemptive to bleaching events # 3248**

**2013 Phytoplankton composition relating to upwelling seasonality in Bodega Bay # 3257**

**2013 Tidal influences on freshwater distribution in the Walker Creek Estuary during a season of low freshwater flow # 3258**

**2013 A comparison of benthic habitats at Salmon Creek Estuary # 3259**

**2013 Flow speed around a bed of *Zostera marina* in Tomales Bay, CA # 3260**

**2013 Temperature variations at a Bodega Harbor seagrass meadow # 3261**

- 2013 **Effect of Cosco Busan Oil on *Pachygrapsus crassipes*, Green Lined Shore Crab larvae** # 3348
- 2013 **Are Synthetic Musks Chemosensitizers to Developing Sea Urchin Embryos?** # 3349
- 2013 **Exposure to a dairy waste contaminant, 17 $\beta$ -estradiol, results in an induction of HSP90 in Zebrafish (*Danio rerio*) embryos** # 3350
- 2013 **Effects of light on locomotion and righting behavior in the bat star *Patiria miniata*** # 3351
- 2013 **Sola Searching: Differences in distribution of the sea anemone *Anthopleura sola* between opposing sides of Horseshoe Cove** # 3352
- 2013 **Variation in avoidance responses to novel and familiar predator cues in separate populations of the striped dogwhelk (*Nucella ostrina*)** # 3353
- 2013 **Effects of temperature and air exposure on the performance of the chitons *Mopalia muscosa* and *Nuttallina californica*** # 3354

1975 **Intertidal zonation and distribution of sea anemone, genus ANTHOPLEURA at Bodega Bay, California # 805**

1975 **TIGRIOPUS CALIFORNICUS (Crustacea: Copepoda): some physical factors that influence egg clutch size and development # 806**

1975 **Habitat selection: settling behavior of the cyprid larvae of BALANUS GLANDULA and BALANUS CRENATUS (Arthropoda: Cirripedia) # 807**

1975 **The zonation of tidepools and their responses to added nutrients # 808**

1975 **A quantitative survey of the meiofauna on Doran Beach, Bodega Bay, California # 809**

1975 **Intertidal distribution of PISASTER OCHRACEUS (Echinodermata: asteroidea at Doran Beach, Sonoma County # 810**

1975 **Ultraviolet light -- an environmental factor in the zonation of bacteria in the intertidal # 811**

1975 **The effect of bacterial colonization in promoting cyprid larval settlement of barnacles in Bodega Harbor # 812**

1975 **Factors affecting the distribution of the marine isopod IDOTEA MONTEREYENSIS # 813**

1975 **Larval settling behavior of two barnacles, BALANUS GLANDULA Darwin and BALANUS CRENATUS # 814**

1975 **DDT residues and polychlorinated biphenyls in the mussel, MYTILUS CALIFORNIANUS, from Royal Palms, California # 815**

1975 **Feeding behavior in MACOMA ACOLASTA and three of its congeners (Bivalvia: Tellinacea) # 816**

1975 **Feeding behavior and distribution of AMPHIODIA OCCIDENTALIS and AMPHIPHOLIS SQUAMATA (Echinodermata: Ophiuroidea) on the Bodega Harbor North Jetty # 817**

1975 **A survey of Tanaideacea (Crustacea) in the mudflat at Bodega Bay with an account of its sex ratio # 818**

1975 **Behavioral factors influencing the distribution of the arrow goby CLEVELANDIA IOS (Jordan and Gilbert, 1882) on the Bodega Bay mudflat # 819**

- 1975 **Variation in the amount of fat stored in the sea anemone, ANTHOPLEURA ELEGANTISSIMA** # 820
- 1975 **Comparison of the structure and functional anatomy in the genus MOPALIA (Grey, 1847) (Mollusca: Polyplacophora)** # 821
- 1975 **Beetles on sandy beaches: zonation and niche differentiation** # 822
- 1975 **Prey responses to the predatory seastar PYCNOPODIA HELIANTHOIDES (Brandt, 1835)** # 823
- 1975 **Chemotaxis and rheotaxis in the silver and white surfperch (Pisces: Embiotocidae)** # 824
- 1975 **Predatory behavior of NUCELLA (=THAIS) EMARGINATA: experiments on prey preference with respect to prey distribution** # 825
- 1975 **LEPTOCHELIA DUBIA (Crustacea: Tanaidacea): the effect of sediment composition on its distribution in a sandflat** # 826
- 1975 **The effects of bubbles on the distribution of phytoplankton and the penetration of light in the intertidal** # 827
- 1975 **Some behavioral factors influencing the distribution of three species of intertidal hermit crabs at Bodega Bay, CA** # 828
- 1975 **Substrate selection and morphological development of LEODORA ABNORMIS Bush (Polychaeta: Spirorbidae)** # 829
- 1975 **The influence of the tidal cycle on phytoplankton and benthic diatom populations in rock pools located in the supralittoral tide zone** # 830
- 1975 **The zonation of polychaetes in Campbell Cove, Bodega Bay along a change in sediment from sand to mud** # 831
- 1975 **Observations on the natural history and morphological variation of NOTOACMEA PALEACEA (Archeogastropoda: Acmaeidae) in Northern California** # 861
- 1975 **Incidence of nematode infection in CYMATOGASTER AGGREGATA** # 975
- 1975 **An investigation of reflectivity in HYPERPROSOPON ARGENTEUM** # 976
- 1975 **Reproductive output and density dependent population regulation in TIGRIOPUS CALIFORNICUS** # 977
- 1975 **Species composition in a polluted environment** # 978
- 1975 **How PODARKE PUGETTENSIS recognizes its commensal host, PATIRIA MINIATA** # 979
- 1975 **Shell preferences and interspecific competition for shells in the hermit crabs PAGURUS SAMUELIS and PAGURUS HIRSUTIUSCULUS** # 980
- 1975 **Spatial complexity and species diversity in POSTELSIA holdfasts** # 981

- 1975 **Recruitment of scavengers to artificial baits on the mudflats of Bodega Harbour** # 982
- 1975 **Sediment type and distribution of bivalve molluscs in the sandflats** # 983
- 1975 **Environmental stability on the open coast and the Harbor** # 984
- 1975 **Reproductive tactics in "stable" vs "fluctuating" environments** # 985
- 1975 **MYTILUS - FABIA interactions** # 986
- 1975 **Solar orientation in three marine gastropods** # 987
- 1975 **The affect of spatial diversity on species diversity in the Bodega Harbor mudflats** # 988
- 1975 **Feeding types in the rocky intertidal** # 989
- 1975 **Spatial distribution of URECHIS burrows** # 990
- 1975 **Island biogeography of intertidal rocks** # 991
- 1975 **Substrate selection in the marine isopod IDOTEA** # 992
- 1975 **The vertical zonation of organisms as attributed to wave shock on a selected intertidal rock** # 993
- 1975 **Observations of the shorebirds in Bodega Harbor** # 994
- 1975 **Vertical migration in plankton** # 995
- 1975 **The feeding of CYMATOGASTER AGGREGATA and its relation to age structure** # 996
- 1975 **Amount of space opening in the intertidal from the predation of NUCELLA on BALANUS** # 997
- 1975 **Sequential hermaphroditism** # 998
- 1975 **Homing behavior in COLLISELLA SCABRA** # 999
- 1975 **Functional morphology and the planktonic community** # 1000
- 1975 **A mark - recapture study of a tidepool population of hermit crabs** # 1001
- 1975 **Substrate preference as shown by marine algae** # 1002
- 1975 **Pilot project : study of microhabitats and microzonation of MYTILUS CALIFORNIANUS beds** # 1003
- 1975 **Circatidal rhythms in some intertidal gastropods** # 1004
- 1975 **An investigation into the population size, structure, and vagilities of the leopard shark, TRIAKIS SEMIFASCIATA, and the bat rat, MYLIOBATIS CALIFORNICA, in Bodega Harbor** # 1005

- 1975 **Daily migrations and feeding behavior of shorebirds in Bodega Harbor** # 1006
- 1975 **The feeding strategy of PATIRIA MINIATA** # 1007
- 1975 **Influences of tide, light, and endogenous factors on the activity rhythms of the limpet NOTOACMEA SCUTUM 19-Nov-1997** # 1008
- 1975 **PHYLLOSPADIX populations in Horseshoe Cove, Bodega Head, California** # 1009
- 1975 **Interactions among two species of crabs of the genus HEMIGRAPSUS** # 1010
- 1975 **Feeding behavior of talitrid amphipods on Salmon Creek Beach** # 1011
- 1975 **Trematode infection in the Bodega Harbor mudflat clam, TRANSENNELLA spp.** # 1012
- 1975 **Bioerosion and substrate utilization of bivalves on Bodega Harbor sandflats** # 1447
- 1975 **The preservability of the biogenic and inorganic surface structures found on a beach environment**  
# 1448
- 1975 **Evidence of bioerosional activity in molluscan grazers with a calculated rate of granodioritic erosion by the limpet COLLISELLA DIGITALIS (Eschscholtz)** # 1449
- 1975 **Shell morphology of ostracods from high energy and low energy environments** # 1450
- 1975 **Bioerosion of MYTILUS CALIFORNIANUS, the California mussel** # 1451
- 1975 **The relationship of size and abundance of MACOMA shells to their location on the Bodega Harbor sandflat** # 1452
- 1975 **Study of the Pliocene "Merced" Formation, Sebastopol region** # 1453
- 1975 **A summer study of the bioerosional effects of the sea palm POSTELSIA PALMAEFORMIS on the intertidal substrates** # 1454
- 1975 **Paleontology of Spud Point, Bodega Harbor** # 1455
- 1975 **Epizoic organisms found on collisellid limpets in three environments** # 1456
- 1975 **The effect of sea water salinity on IRIDAEA FLACCIDA growth** # 1563
- 1975 **Algal composition and zonation as related to wave action at three sites on Bodega Head** # 1564
- 1975 **A technique of isolating the fungal symbiont of the marine lichen ARTHROPYRENIA SUBLITORALIS** # 1565
- 1975 **A study of the floral component of various kelp holdfast communities on the central California coast**  
# 1566
- 1975 **Antibacterial activity of nine marine macroalgal species on two ichthyopathic pseudomonads** # 1567

- 1975 **Vertical migration patterns of PLEURASIGMA NORMANII** # 1568
- 1975 **Grazing preference studies done with sea urchin, STRONGYLOCENTROTUS PURPURATUS** # 1569
- 1975 **Species composition and intertidal zonation of the south jetty of Bodega Bay** # 1570
- 1975 **Effect of monochromatic light on the proportion of photosynthetic pigments in cultured HALSACCION GLANDIFORME (Gmelin) Ruprecht** # 1571
- 1975 **Iridescence in seaweeds: light microscopic morphology and ecology** # 1572
- 1975 **A description of the microenvironment within HALOSACCION GLANDIFORME** # 1573
- 1975 **Testing for the presence of a toxic extracellular product in PHAEODACTYLUM TRICORNUTUM** # 1574
- 1975 **Photosynthetic rates of PORPHYRA PERFORATA, IRIDAEA SPLENDENS, and IRIDAEA FLACCIDA when subjected to varying salinities, temperatures and degrees of dehydration** # 1575
- 1975 **Pagurization of OLIVELLA BIPLICATA** # 1929
- 1975 **Comparative ecology of PETROLISTHES CINCTIPES and PETROLISTHES ERIOMERUS at three sites at Bodega Bay** # 1930
- 1975 **Color morphology of CANCER PRODUCTUS** # 1931
- 1975 **Spatial distribution of PENITELLA CONRADI on HALIOTIS RUFESCENS** # 1932
- 1975 **Intertidal height as a function of infestation of MYTILUS CALIFORNIANUS by FABIA SUBQUADRATA, and an examination of the molt cycle of FABIA SUBQUADRATA in the Bodega Bay Region, California** # 1933
- 1975 **Entocommensal ciliates of STRONGYLOCENTROTUS PURPURATUS: host transmission, nuclear reorganization, and species diversity with increased host size** # 1934
- 1975 **Substrate selection in IDOTEA WOSNESENSKII and IDOTEA STENOPS** # 1935
- 1975 **The effects of phototaxis and geotaxis on habitat selection behavior of larval ASCIDIA CERATODES** # 1936
- 1975 **The bryozoa of the under-rock habitat: diversity, competition and distribution from samples taken at Schuster's Rocks, Bodega Bay, CA** # 1937
- 1975 **On chemoreception in PYCNOGONUM STEARNSI (Ives, 1892)** # 1938
- 1975 **The epifauna of PUGETTIA PRODUCTA: space partitioning Bodega Bay Jetty, California** # 1939
- 1975 **The effect of locality on the shell selection of PAGURUS GRANOSIMANUS in the Bodega Bay**

**region of California # 1940**

1975 **A study of the relationship between OPHIODROMUS PUGETTENSIS and PATIRIA MINIATA #**  
1941

1975 **Aspects of the distribution of EMERITA ANALOGA # 1942**

1975 **Variation of color morphs in LITTORINA SCUTULATA, Gould (Gastropoda, Prosobranchia) #**  
1943

1975 **An investigation of reproductive output in field populations of TIGRIOPUS CALIFORNICUS #**  
1944

1975 **The effects of wave action on MYTILUS CALIFORNIANUS # 1945**

1975 **Population distribution of the sea anemone, CORYNACTIS CALIFORNICA Carlgren, 1936, on the**  
**Bodega Harbor jetty # 1946**

1975 **A survey for homing behavior in the limpets, ACMAEA SCUTUM & ACMAEA PERSONA #**  
1947

1975 **Respiration in the sipunculid PHASCOLOSOMA AGASSIZII # 1948**

1975 **A study of the distribution of OBELIA sp. on ZOSTERA MARINA in Bodega Harbor # 1949**

1975 **A survey of larval trematodes in two species of TRANSENELLA in the Bodega Harbor mudflat #**  
1950

1975 **Temperature effects on sponge reaggregation of four sponge species from Shell Beach # 1951**

1975 **A survey of the epizoites found on KATHARINA TUNICATA and three species of MOPALIA**  
**(Mollusca: Polyplacophora) # 1952**

1975 **A study comparing the major meiofauna in the sandy beaches at Salmon Creek and Doran Beach #**  
1953

1975 **The morphology and systematics of the turbellarian found in the egg mass of PUGETTIA**  
**PRODUCTA # 1954**

1975 **Crowding effects on asexual reproduction in ANTHOPLEURA ELEGANTISSIMA # 1955**

1974 **Systematics, phenology and zonation of GIGARTINA AGARDHII Setchell and Gardner,**  
**GIGARTINA PAPILLATA (C.A. Agardh) J.G. Agardh and PETROCELIS FRANCISCANA Setchell and**  
**Gardner # 764**

1974 **Thirteen species of Spirobidae (Polychaeta) from Bodega Head, California # 765**

1974 **The abrasive effects of sand on BALANUS GLANDULA (Darwin, 1854) growing on rocks**  
**protruding from the sand # 766**

1974 **Population genetics and intertidal zonation. II. Electrophoretic analysis of genetic variation in**

**adult MYTILUS CALIFORNIANUS # 767**

1974 **Antibacterial action of selected marine intertidal algae on 13 well characterized species of marine bacteria # 768**

1974 **The importance of size on the intertidal distribution of LITTORINA SCUTULATA (Gastropoda: Prosobranchiata) # 769**

1974 **The effects of grazing by the chiton KATHARINA TUNICATA (Nood 1815) on intertidal algae # 770**

1974 **The effects of wave action and availability of drift materials on the covering response of the sea urchin STRONGYLOCENTROTUS PURPURATUS (Stimpson) # 771**

1974 **Barnacles and intertidal zonation: a comparative study of cirral activity, shadow reflex, and stomach contents # 772**

1974 **Salt spray and species distributions in the coastal grassland of Bodega Head # 773**

1974 **Population genetics and intertidal zonation. I. Electrophoretic analysis of genetic variation in juvenile MYTILUS CALIFORNIANUS # 774**

1974 **Gene - enzyme variation in COLLISELLA DIGITALIS # 775**

1974 **Settlement patterns of barnacle spat # 776**

1974 **The attachment of gravel and shell particles to the sea anemone ANTHOPLEURA ELEGANTISSIMA, and their effect on its habitat distribution (Cnidaria: Anthozoa) # 777**

1974 **Sex ratio as a function of habitat in PETROLISTHES CINCTIPES Randall, 1939 # 778**

1974 **Succession and zonation of marine adhesive bacteria and the possible effects of wave action # 779**

1974 **Pigment composition and adaptation in the red alga, IRIDAEA # 780**

1974 **The homing ability and distribution patterns in three common intertidal cottid fishes on Bodega Head, California # 781**

1974 **A preliminary study on the distribution patterns of POSTELSIA PALMAEFORMIS Ruprecht # 782**

1974 **Intertidal Zonation of bacteria from ANTHOPLEURA ELEGANTISSIMA # 783**

1974 **An examination of enzyme temperature-activity relationships as factors affecting intertidal zonation # 784**

1974 **Electrophoretic and biochemical examinations of GIGARTINA AGARDHII and GIGARTINA PAPPILLATA # 785**

1974 **The relation of linear shell measurements and the radula fraction to the environment in limpets (Gastropoda: Docoglossa) # 786**

- 1974 Intertidal distribution of *TYPOSYLLIS ADAMANTEUS* (Annelida, Polychaeta) commensal with *COLLISELLA DIGITALIS* (Mollusca, Gastropoda) # 787
- 1974 Population dynamics of *HERMISSEDA CRASSICORNIS* (Eschscholtz, 1931) on the mudflats of Bodega Harbor (Gastropoda, Nudibranchia) # 788
- 1974 Diet and distribution of an asteroid *PISASTER BREVISPINUS* (Stimpson) in Bodega Harbor, California # 789
- 1974 Homing behavior in the chitons *MOPALIA MUSCOSA* Gould 1946 and *KATHARINA TUNICATA* Wood 1815 # 790
- 1974 A tale of two morphs: behavioral and physiological polymorphisms in the variants of *COLLISELLA DIGITALIS* # 791
- 1974 Variation in polysaccharide content of limpets as a adaptation to the infrequent feeding and exposure in the high intertidal zones # 792
- 1974 Filtration rates in relation to the intertidal height distribution of three species of clams: *MYA ARENARIA* (Linnaeus, 1758), *TRESUS NUTTALLII* (Conrad, 1837), *SAXIDOMUS NUTTALLI* (Conrad 1837) # 793
- 1974 Brief observations characterizing the epiphytic bacteria of some intertidal marine algae # 794
- 1974 Wave shock effects on community composition in beds of *MYTILUS CALIFORNIANUS* (Mollusca: bivalvia) # 795
- 1974 Distribution of interstitial sand beach bacteria in the intertidal zone # 796
- 1974 Pigmentation in marine intertidal bacteria as a defense mechanism against ultraviolet radiation # 797
- 1974 The vertical distribution of epiphytic intertidal marine diatoms # 798
- 1974 Prey selection in *PLEUROBRACHIA BACHEI* A. Agassiz # 935
- 1974 Ecological observations on the distribution and orientation of *BALANUS CRENATUS* on the carapaces of *CANCER ANTENNARIUS* and *CANCER PRODUCTUS* as a method to determine the mechanisms of selection for cyprid settling behavior # 936
- 1974 A study of the diversity of the subtidal benthic macrofauna of Bodega Harbor # 937
- 1974 Distribution and microhabitat selection of benthic foraminifera in Bodega Harbor # 938
- 1974 Heavy metals in the brown alga *FUCUS DISTICHUS* (Progress Report) # 939
- 1974 Food resource partitioning in flatfish # 940
- 1974 The effects of dessiccation on two fucals *FUCUS DISTICHUS* Hollenberg and *PELVETIOPSIS LIMITATA* Gardner # 941

- 1974 **Resource partitioning by sea stars on the open coast off Bodega Head August 4 to August 29, 1974**  
# 942

# 1554
- 1974 **The bacterial inhibiting ability of fucoidan in FUCUS DISTICHUS** # 1555
- 1974 **A study of temperature stress on choanoflagellates** # 1556
- 1974 **The effects of temperature and polychlorinated biphenyls on AMPHIDIUM CARTERI** # 1557
- 1974 **A structural study of the lichen ARTHROPYRENIA SUBLITORALIS** # 1558
- 1974 **The effect of dessication on two intertidal fucales: PELVETIOPSIS LIMITATA (Setchell) Gardner  
and FUCUS DISTICHUS (De La-Pylaie) Powell** # 1559
- 1974 **Analysis of the pigment composition of intertidal alga ODONTHALIA FLOCCOSA (Esper)** # 1560
- 1974 **A study of the genus CALLITHAMNION** # 1561
- 1974 **The effect of unilateral monochromatic light on the red alga GRIFFITHSIA PACIFICA** # 1562
- 1974 **Distribution of sea anemones on the jetty at the entrance to Bodega Harbor** # 1902
- 1974 **Food preference in THAIS EMARGINATA (=NUCELLA EMARGINATA)** # 1903
- 1974 **Color pattern variation in TONICELLA LINEATA** # 1904

- 1974 **The daily growth lines in MACOMA SECTA # 1905**
- 1974 **Metachromatic patterns in two species of CRANGON as a response to variously coloured substrates # 1906**
- 1974 **The hormonal control of somatic pigments in CRANGON NIGRICAUDA # 1907**
- 1974 **Food preferences and feeding behavior of PYCNOPODIA HELIANTHOIDES # 1908**
- 1974 **Changes in respiration over time in different salinities in PACHYGRAPSUS CRASSIPES # 1909**
- 1974 **Orientation and distribution of BALANUS CRENATUS on the carapaces of CANCER ANTENNARIUS and CANCER PRODUCTUS # 1910**
- 1974 **A study of host preference in the commensal polynoid annelid ARCTONOE PULCHRA # 1911**
- 1974 **Correlation of mud flat cores (Bodega Bay, California) # 1912**
- 1974 **Behavioral interactions of four species of local anemones # 1913**
- 1974 **Distribution of MACOMA SECTA and the effects of doubling the population # 1914**
- 1974 **Anisometric growth in STRONGYLOCENTROTUS PURPURATUS # 1915**
- 1974 **Implied energetics based on variation under IN SITU stress in the marine mussel, MYTILUS CALIFORNIANUS # 1916**
- 1974 **Rhythmic activity in the chiton, KATHARINA TUNICATA # 1917**
- 1974 **Salinity tolerance of PETROLISTHES CINCTIPES # 1918**
- 1974 **Tooth array and decay in four species of polyplacophora # 1919**
- 1974 **The lateral cilia of the ctenidia of MYTILUS EDULIS: effects of ionic environment on beat frequency # 1920**
- 1974 **An investigation of escape mechanisms in five species of ACMAEA # 1921**
- 1974 **Observations and study of fauna in three MYTILUS CALIFORNIANUS beds # 1922**
- 1974 **Behavioral migration as a determining factor in the intertidal distribution of LITTORINA SCUTULATA (Gastropoda: Prosobranchiata) # 1923**
- 1974 **Variation in shell morphology of TEGULA FUNEBRALIS # 1924**
- 1974 **A census of PANCOLUS CALIFORNIENSIS on CLADOPHORA TRICHOTOMA and some observations on their nature # 1925**
- 1974 **Physical and chemical factors affecting the population dynamics of TIGRIOPUS CALIFORNICUS in tidepools adjacent to Horseshoe Cove # 1926**

- 1974 Sand grain selectivity in the tube building of *AXIOTHELLA RUBROCINCTA* and *PECTINARIA CALIFORNIENSIS* # 1927
- 1974 Variation in *THAIS EMARGINATA* (=NUCELLA EMARGINATA) # 1997
- 1974 Investigation for homing in the chiton *CYANOPLAX DENTIENS* # 2372
- 1973 A behavioral study of the relationship between the echiuroid worm *URECHIS CAUPO* Fisher and MacGinitie and its symbiotes a pinnotherid crab, *SCLEROPLAX GRANULATA* Rathbun and a polychaete annelid, *HESPERONOE ADVENTOR* (Skogsberg) # 724
- 1973 Distribution and dispersal of *CREPIDULA ADUNCA* (Mollusca: Gastropoda) # 725
- 1973 Survey of epibiota on the valves of *MYTILUS CALIFORNIANUS* Conrad, 1837 (Mollusca: Bivalvia) at Bodega Head, Bodega Bay, California # 726
- 1973 On the relationship between *CRYPTOCHITON STELLERI* (Middendorf, 1846) (Mollusca: Amphineura) and *ARCTONOE VITTATA* (Grube, 1855) (Annelida: Polychaeta) # 727
- 1973 The specificity of the limpet, *COLLISELLA ASMI*, for its host, *TEGULA FUNEBRALIS* (Castropoda: Molluscs) # 728
- 1973 On the distribution and host specificity of the amphipod *ALLOGAUSSIA RECONDITA* Stasek, a commensal in the sea anemone *ANTHOPLEURA ELEGANTISSIMA* (Brandt) in Sonoma County, California # 729
- 1973 Settlement and early growth of epizoites of two species of *MYTILUS* # 730
- 1973 A survey of the gills of *MACOMA NASUTA*, *MYTILUS CALIFORNIANUS*, and *ADULA DIEGENSIS* (Mollusca: Bivalvia) for members of the class Ciliata (Protozoa) # 731
- 1973 A survey of turbellarian infestation in the purple urchin, *STRONGYLOCENTROTUS PURPURATUS* on the Sonoma County Coast, with specific examination of the biology of the acoel flatworm # 732
- 1973 A study of the enzymatic and digestive activity in *MEGATEBENNUS BIMACULATA* (Dall, 1871) (Gastropoda: Fissurellidae) # 733
- 1973 A study of the distribution of the Clionidae (boring sponges) at several locations on the central California coast # 734
- 1973 The behavior of the hesionid polychaete *OPHIODROMUS PUGETTENSIS* toward the batstar *PATIRIA MINIATA* # 735
- 1973 The description and biology of an undescribed harpacticoid copepod (Family Laophontidae) associated with the holothurian *CUCUMARIA PSEUDOCURATA* # 736
- 1973 The purple sea urchin *STRONGYLOCENTROTUS PURPURATUS* (Stimpson) as host to a purple morph of the gammarid amphipod *EURYSTHEUS THOMPSONI* (Walker) in the region of Bodega Head # 737

- 1973 The relationship between an amphipod *CAPRELLA CALIFORNICA* Stimpson and a colonial hydrozoan *OBELIA COMMISSURALIS* McCrady # 738
- 1973 Salinity effects on the ectoparasitic copepod, *LEPEOPHTHEIRUS KAREII*, found on the starry flounder *PLATICHTHYS STELLATUS* # 739
- 1973 On the behavioral interactions of two crabs (*PINNIXA LONGIPES* and *PINNIXA TUBICOLA*) with two polychaetes (*AXIOTHELLA RUBROCINCTA* and *EUPOLYMNIA CRESCENTIS*) # 740
- 1973 Observations on three species of mites (Acari) associated with species of *ORCHESTOIDEA* and *ORCHESTIA* (Crustacea: Amphipoda) on some central California beaches # 741
- 1973 Visual aposematic cues exhibited by the nudibranch *HERMISSEDA CRASSICORNIS* Eschscholtz (Gastropoda: Opisthobranchia) # 742
- 1973 Locomotory behavior and substrate preference of the *ACMAEA DIGITALIS* (Mollusca: Gastropoda) found on *POLLICIPES POLYMERUS* (Crustacea: Cirripedia) # 743
- 1973 An investigation into the repugnatory role of nematocysts in the cerata of *AEOLIDIA PAPILLOSA* and *HERMISSEDA CRASSICORNIS* (Opisthobranchia: Nudibranchia) # 744
- 1973 The distribution and feeding habits of *LACUNA MARMORATA* (Mollusca: Gastropoda) on the red algae *IRIDAEA SPLENDENS* # 745
- 1973 Investigation of two morphs of *DORIOPSISILLA ALBOPUNCTATA* (Cooper, 1863) (Mollusca: Gastropoda) from the California coast # 746
- 1973 A survey of the external symbionts of the hermit crabs *PAGURUS GRANOSIMANUS*, *PAGURUS SAMUELIS*, and *PAGURUS HIRSUTIUSCULUS* of the Bodega Bay region of California, with special consideration to the symbiotic snail *CREPIDULA ADUNCA* # 747
- 1973 Observations on the location, orientation, and feeding behavior of *ACMAEA INSESSA* (Gastropoda) on the alga *EGREGIA MENZIESII* (Phaeophyta) # 748
- 1973 Adaptive behavior of intertidal gastropods in response to predatory starfish # 749
- 1973 A new species of *GRAFFILLA* (Turbellaria, Bivalvia) found in *MACOMA NASUTA* (Mollusca, Bivalvia) of the Bodega Harbor mudflats # 750
- 1973 Analysis of chitin-decomposing bacteria in association with *CANCER ANTENNARIUS* at Bodega Harbor, California # 751
- 1973 A new species of *LERNEOPODA* (Crustacea: Copepod) ectoparasitic on leopard shark, *TRIAKIS SEMIFASCIATUM* from Bodega Bay, California # 752
- 1973 The effect of wave action and tidal exposure on the distribution of commensals associated with three species of limpets from the Sonoma Coast, California # 753
- 1973 The association of two species of hermit crab (Paguridae) with the sea anemone *ANTHOPLEURA XANTHOGRAMMICA* in central California # 754
- 1973 The relationship of *ROSTANGA PULCHRA* MacFarland and *ARCHIDORIS MONTEREYENSIS*

- (Cooper) (Mollusca: Gastropoda) to uninjured and injured sponges # 755**
- 1973 **The predatory relationship of HERMISSENDA CRASSICORNIS (Gastropoda: Opisthobranchia) upon several species of anthozoans with notes on their nematocysts # 756**
- 1973 **Symbionts of the abalone shell, HALIOTIS RUFESCENS # 757**
- 1973 **A survey of symbionts of common ascidians of the Bodega Bay area and a further evaluation of the symbiotic relationship between the gammaridean amphipod POLYCHERIA ANTARCTICA (Stebbing, 1875) and its host ascidians # 758**
- 1973 **A survey of the epizoites on hydroids (Cnidaria: Hydroida) of Bodega Bay, California and vicinity # 759**
- 1973 **A survey of the associates of four species of marine sponges of the Bodega Head and surrounding areas # 760**
- 1973 **The relationship between NOTOACMEA PALEACEA (Mollusca: Gastropoda) and the surf grass PHYLLOSPADIX spp. # 761**
- 1973 **A survey of central Californian species of IDOTEA (Malacostraca: Isopoda) associated with two species of PHYLLOSPADIX, with particular attention to substrate specificity # 762**
- 1973 **The value of the NUCELLA EMARGINATA shell to the hermit crab PAGURUS HIRSUTIUSCULUS at Dillon Beach, California # 763**
- 1973 **Homing, migration, and aspects of general behavior and distribution of several tidepool fishes at Bodega Bay Marine Laboratory # 925**
- 1973 **A survey on the abalone population in Horseshoe Cove # 926**
- 1973 **A toxicological investigation of the reacting substance in the Asteroidea, DERMASTERIAS IMBRICATA # 927**
- 1973 **A study of the feeding strategies of migrant willets and black turnstones (Class: Aves) in Bodega Bay, California # 928**
- 1973 **One step between : a study of interstitial life at Salmon Creek Beach and Horseshoe Cove # 929**
- 1973 **The ecology of a small California estuary: the Estero de San Antonio # 930**
- 1973 **The distribution of two arthropods (COROPHIUM INSIDIOSUM and LEPTOCHELIA DUBIA) in two sand-flats as a function of tidal height and sediment composition # 931**
- 1973 **A survey of the red abalone HALIOTIS RUFESCENS in Horseshoe Cove, Bodega Bay, California # 932**
- 1973 **Various studies of the physiological and behavioral ecology of the limpets ACMAEA SCABRA, ACMAEA PELTA, and ACMAEA SCUTUM # 933**
- 1973 **Aspects of the diel feeding activity of the rocky intertidal scavengers PACHYGRAPSUS CRASSIPES, PISASTER OCHRACEUS, and PAGURUS SAMUELIS in a high tide pool # 934**

- 1973 **Reconstruction of the paleoecology of the Petaluma refuse site, or, down in the dumps again** # 1432
- 1973 **Byssal thread production in MYTILUS EDULIS and MYTILUS CALIFORNIANUS effects of current, proximity to neighbors and time.** # 1433
- 1973 **Sand movement and stabilization of the Salmon Creek dunes in Sonoma County.** # 1434
- 1973 **Characteristics of CALLIANASSA burrows in substrates of differing grain size.** # 1435
- 1973 **Aggressive behavior in two species of hermit crabs.** # 1436
- 1973 **The role of the ocellus in the phototactic behavior in five species of starfish.** # 1437
- 1973 **Adaptive strategies: PHORONOPSIS VIRIDIS** # 1438
- 1973 **The fauna and flora of the Doran Park sand flat** # 1439
- 1973 **Overpopulation of a tidepool** # 1440
- 1973 **Movement behavior of MACOMA SECTA on the Bodega Bay sandflat** # 1441
- 1973 **Distinctive characteristics of the chiton radula and its relationship to diet** # 1442
- 1973 **Comparison of valves in six species of chitons, or plate chitonics.** # 1443
- 1973 **On the species IRIDAEA FLACCIDA (Rhodophyta): clarification of its diverse habitat and observations of its variable form.** # 1444
- 1973 **On the predator-prey and competition models: their uses in the intertidal** # 1445
- 1973 **Reconstructing a paleoenvironment through sedimentary petrology techniques** # 1446
- 1973 **Recent sedimentation on Horseshoe Cove Beach.** # 1509
- 1973 **On the susceptibility of various laminarian and fucalian phaeophytes to net slime infection from eel grass** # 1538
- 1973 **Bodega salt marsh study: an algal survey of the Doran Beach salt marsh** # 1539
- 1973 **Microbial flora of marine sands** # 1540
- 1973 **A microscopic study of the endophyte ENDOPHYTON RAMOSUM in IRIDAEA** # 1541
- 1973 **A comparative spectrophotometric analysis of pigments in AGARDHIELLA COULTERI and GARDNERIELLA TUBERIFERA** # 1542
- 1973 **A study of the effects CuSo<sub>4</sub>, salinity ranges, and light quality have on the growth and survival of BRYOPSIS CORTICULANS, PERCURSARIA PERCURSA, and VAUCHERIA MARINA** # 1543

- 1973 **Morphological adaptations to habitat in the genus PRIONITIS** # 1544
- 1973 **Internal symbionts of the red alga HALOSACCION GLANDIFORME** # 1545
- 1973 **Isolation of marine fungi** # 1546
- 1973 **Examination of tidepool flora in vicinity of Bodega Marine Laboratory** # 1547
- 1973 **Transplantation of IRIDAEA FLACCIDA in the intertidal zone** # 1548
- 1973 **Study of incorporation of freshly dead TEGULA FUNEBRALIS into the hermit crab shell pool** # 1876
- 1973 **An observational study of EPITONIUM TINCTUM** # 1877
- 1973 **Field and laboratory studies on the intertidal distribution of EPITONIUM TINCTUM** # 1878
- 1973 **Helminth parasites of LEPTOCOTTUS ARMATUS Girard, the northern staghorn sculpin, in the Bodega Bay area** # 1879
- 1973 **Method of tube construction by EUPOLYMNIA CRESCENTIS, with ecological notes on EUPOLYMNIA CRESCENTIS, THELEPUS CRISPUS, PISTA PACIFICA, NEOAMPHITRITE ROBUSTA and two unidentified terebellid species** # 1880
- 1973 **Natural history of the shell-less pulmonate (?) ONCHIDELLA BOREALIS Dall, 1971** # 1881
- 1973 **A study of metacercariae in HEMIGRAPSUS OREGONENSIS and HEMIGRAPSUS NUDUS** # 1882
- 1973 **Parasitism in three species of PAGURUS** # 1883
- 1973 **A study of the feeding behavior of CAPRELLA CALIFORNICA and CAPRELLA GRACILIOR** # 1884
- 1973 **Observations on the biology of ALDERIA MODESTA and its relationship with the xanthophyte VAUCHERIA** # 1885
- 1973 **The epifauna of the kelp crab, PUGETTIA PRODUCTA** # 1886
- 1973 **Feeding and reproduction in MEGATEBENNUS BIMACULATUS (Dall 1871)** # 1887
- 1973 **The infauna of the holdfasts of CLADOPHORA TRICHOTOMA, LEATHESIA DIFFORMIS, POSTELSIA PALMAEFORMIS, EGREGIA MENZIESII and MACROCYSTIS INTEGRIFOLIA at Bodega Bay** # 1888
- 1973 **Growth of OBELIA in culture** # 1889
- 1973 **The epifauna of CANCER in the Bodega Bay region** # 1890
- 1973 **[none]** # 1891

- 1973 Parasitism in three species of procelain crabs: **PETROLISTHES CINCTIPES**, **PETROLISTHES ERIOMERUS** and **PACHYCHELES RUDIS** # 1892
- 1973 The distribution, infestation, and developmental stage of the pea crab **FABIA SUBQUADRATA** in **MYTILUS CALIFORNIANUS** # 1893
- 1973 Carapace morphology in **HEMIGRAPSUS NUDUS** # 1894
- 1973 Asteroid diversity and studies of the sea star **PISASTER OCHRACEUS** # 1895
- 1973 The distribution of barnacles on Doran Beach rocks # 1896
- 1973 A comparison of the aggressive responses and cloning natures of **ANTHOPLEURA ELEGANTISSIMA**, **ANTHOPLEURA ARTEMESIA** and **CORYNACTIS CALIFORNICA**, three intertidal sea anemones # 1897
- 1973 Resistance to water motion in the snails **TEGULA** and **NUCELLA** # 1898
- 1973 Cercarial infection in **LITTORINA PLANAXIS** and **LITTORINA SCUTULATA** in the Bodega Head area # 1899
- 1973 Growth and molt in **PACHYCHELES RUDIS** pairs # 1900
- 1973 Tube building by the sabellid polychaete **CHONE ECAUDATA** # 1901
- 1973 Homing and migration in tidepool fishes at Bodega Marine Laboratory : a project proposal # 2661
- 1973 Diurnal movement and size diversity of a **HALIOTIS** colony : a proposed project # 2662
- 1973 The feeding ecology of migrant willets and black turnstones in Bodega Bay, California : a project proposal # 2663
- 1973 **DERMASTERIAS IMBRICATA**: an examination of a reacting substance : a project proposal # 2664
- 1973 The ecology of a small California estuary : the Estero de San Antonio : a proposed research plan # 2665
- 1973 The distribution of two arthropods (**COROPHIUM INSIDIOSUM** and **LEPTOCHELIA DUBIA**) in two mudflats as a function of tidal height and sediment composition : a project proposal # 2666
- 1973 Aspects on the feeding biology of certain intertidal scavengers : a project proposal # 2667
- 1973 A quantitative study of the feeding behavior or limpets in relation to size and dispersal : a project proposal # 2668
- 1973 Zonation and vertical distribution of meiofauna of Salmon Creek Beach : a project proposal # 2669
- 1972 Defense adaptations of **HERMISSENDA CRASSICORNIS** (Gastropoda: Opisthobranchia) # 679
- 1972 Some effects of **FABIA SUBQUADRATA** (Arthropoda: Pinnotheridae) infestation on **MYTILUS**

**CALIFORNIANUS # 680**

1972 **Environmental effects on the growth of the symbiotic algal populations of the sea anemone ANTHOPLEURA XANTHOGRAMMICA (Brandt 1835) # 681**

1972 **Substrate specificity of Caprellidae (Amphipoda) of Bodega Head and Bodega Harbor, California # 682**

1972 **Functional capacity of symbiotic chloroplasts in PLACIDA DENDRITICA (Opisthobranchia: Sacoglossa) # 683**

1972 **Behavioral studies on the commensal shrimp, BETAEUS HARRIMANI (Decapoda, Carides) # 684**

1972 **The dietary habits of PHYLLAPLYSIA TAYLORI of Bodega Bay, California # 685**

1972 **On the growth and maintenance of green algae in symbiosis with ANTHOPLEURA XANTHOGRAMMICA # 686**

1972 **The relationship of SYNDESMIS FRANCISCANA (Turbellaria: Rhabdocoela) to the purple urchin, STRONGLYOCENTROTUS PURPURATUS, with observations on the endosymbiotic fauna of the Echinoidea of the Bodega Bay Region # 687**

1972 **The relationship between ROSTANGA PULCHRA (Gastropoda: Nudibranchia) and the red sponges OPHLITASPONGIA PENNATA and PLOCAMIA KARYKINA, with reference to the selective advantage of ROSTANGA's red coloration # 688**

1972 **Carbohydrates from the intestinal microflora of the herbivorous gastropod TEGULA FUNEBRALIS # 689**

1972 **A qualitative survey and some ecological aspects of trematode infection in the prosobranch gastropod, LITTORINA SCUTULATA, in the Bodega Head area # 690**

1972 **On the feeding mechanism and feeding preferences of the sacoglossan opisthobranch ALDERIA MODESTA (Loven 1844) # 691**

1972 **An examination of the distribution of the two symbiotic algae (Zooxanthellae, Zoochlorellae) found in the sea anemones, ANTHOPLEURA XANTHOGRAMMICA (Brandt, 1835) and ANTHOPLEURA ELEGANTISSIMA (Brandt, 1835) (Zooantharia, Coelenterata) collected along the northern California coast from Duxbury Reef to Point Arena # 692**

1972 **A survey of the common gut bacteria of PACHYGRAPSUS CRASSIPES and HEMIGRAPSUS NUDUS and the effect of diet on the bacterial flora # 693**

1972 **The distribution of LEUCOTHRIX and other filaments on certain algae of the Bodega Bay Region # 694**

1972 **Studies on commensal and free-living populations of HALOSYDNA BREVISETOSA Kinberg in Bodega Harbor # 695**

1972 **Mucous glands as a protective mechanism in DENDRONOTUS FRONDOSUS (Gastropoda: Opisthobranchia) # 696**

- 1972 The distribution of *BALANUS CRENATUS* and *BALANUS GLANDULA* (Cirripedia: Thoracica) on the carapace of the brachyuran crab *CANCER ANTENNARIUS* # 697
- 1972 A study of the larval trematode infections of the salt marsh snail, *BATILLARIA ZONALIS*, in Tomales Bay, California # 698
- 1972 An investigation of a bacterial source of cellulose in the digestive tract of the isopod, *IDOTEA (PENTIDOTEA) RESECATA* (Stimpson, 1857) # 699
- 1972 Factors influencing host recognition and the establishment of *OPISTHOPUS TRANSVERSUS* (Crustacea: Decapoda) as a commensal # 700
- 1972 Distribution of the commensal limpet *ACMAEA ASMI* on the shell of its host *TEGULA FUNEBRALIS* # 701
- 1972 A survey of the substrate preference of *CREPIDULA ADUNCA* Sowerby (1825) (Gastropoda: Prosobranchia) # 702
- 1972 A study of the interrelations between a nudibranch, *CORYPHELLA TRILINEATA* O'Donoghue (1921), and a hydroid, *HYDROCORYNE* sp., taken from the Bodega Bay Region of the California Coast # 703
- 1972 Opisthobranchs as potential prey for other opisthobranchs, and for the sculpin, *LEPTOCOTTUS ARMATUS* # 704
- 1972 Attempts to culture *BDELLOVIBRIO* (genus) from seawater and brackish water in the Bodega Bay area # 705
- 1972 Burrowing tests of the tunicates, *EUDISTOMA RITTERI* and *EUDISTOMA MOLLE*, by the amphipod, *POLYCHERIA ANTARCTICA* (Crustacea, Amphipoda) # 706
- 1972 Studies on the chemotactic response of *ARCTONOE VITTATA* to various hosts and non-hosts # 707
- 1972 The biology of *LEPEOPHTHEIRUS KAREII*, a parasitic copepod # 708
- 1972 Analysis of the chemical attractant produced by *OPHLITASPONGIA PENNATA* (Demospongiae) for *ROSTANGA PULCHRA* (Nudibranchia) # 709
- 1972 The infestation and burrowing activities of *AXIOTHELLA RUBROCINCTA* (Polychaete, Maldanidae) and its commensal, *PINNIXA LONGIPES* (Brachyura, Pinnotheridae) with distributional studies of *EPISTYLIS* ssp. on *PINNIXA LONGIPES* from the mudflats of Bodega Harbor, California # 710
- 1972 A survey of bacterial populations at points along Bodega Harbor with emphasis on susceptibility to bacteriophage # 711
- 1972 An investigation of two nutritional groups of the marine isopod *IDOTEA MONTEREYENSIS* Maloney 1933 # 712
- 1972 Relationships between size, frequency of infestations, and tidal level in a bivalve mollusk, *MYTILUS CALIFORNIANUS*, and a parasitic decapod crustacean, *FABIA SUBQUADRATA*, in the Bodega Bay

**region, California # 713**

**1972 Alginic acid decomposing bacteria from MACROCYSTIS, EGREGIA, and LAMINARIA # 714**

**1972 Host affinity, host specificity, and respiratory inhibition of LIRONECA VULGARIS and LIRONECA CALIFORNICA (Crustacea: Isopoda: Cymothoidae) located in the branchial region of HYPOMESUS PRETIOSUS (Pisces: Clupeiformes: Osmeridae) of Bodega Harbor, California # 715**

**1972 Mutualism in two isopod species: IAIS CALIFORNICA and SPHAEROMA PENTODON from Walker Creek, Tomales Bay, California # 716**
